

Celebrating Our Achievements

SAFE

EFFECTIVE

CARING

RESPONSIVE

WELL-LED

TransWarmer® Mattress

The mattress has been rolled out Trust wide, to assist with thermoregulation and prevent/treat hypothermia in babies born at home or during transport to hospital.

Burns Action Cards

700 cards have been distributed to assist frontline clinicians with the treatment of burns.

The cards will also be made available in burn bags.

The cards were developed following a staff suggestion to the Quality Improvement team.

Safe In Action

Protecting people from abuse and avoidable harm

IPC Audits

Additional audits carried out to monitor staff and patient safety in response to the pandemic.

Audits completed electronically through AuditOnline which provides teams with a live dashboard of compliance.

All audits demonstrate high levels of compliance and meet Trust targets.

Vehicle and premise audits 10% above the the National Patient Safety Agency (NPSA) target.

Medicine management

We now have a fully implemented, single standardised process for medicines which is robustly audited.

We have successfully acquired our own Trust controlled drugs licence enabling direct procurement of all medicines which creates savings and efficiencies.

If you have any further questions, please speak to your line manager or email: CQC.Group@eastamb.nhs.uk
