

## Notification of change

# Reinstating East of England Trauma Triage Tool

DRAFT 1  
3<sup>rd</sup> March 2022

*The East of England regional major incident is now formally being stepped down - As a result the Trauma Network and the MTC are moving out of the Trauma-OPEL 4 status and are therefore reinstating the pre-hospital trauma triage tool from 08:00hrs 4<sup>th</sup> March 2022 resulting in the following changes:*

1. *From incident scene –*
  - a. *Use of [East of England Trauma Triage Tool](#)\* reinstated for patients with traumatic injuries including scene transfer directly to Addenbrooke's Hospital.*
  
2. *From Trauma Units -*
  - a. *Call NCS (0300 330 3999) for transfer decision support as normal.*
  
3. *Paediatric patients (up to 16<sup>th</sup> birthday) continue to follow the triage tool as normal including scene transfer directly to Addenbrooke's Hospital.*
